	12 noon - 1 pm			SOH		
Sunday 08. 07.2018	11 am – 12 noon	Relevance of Studying International Relations in the	Dr. Divya Manas and Dr. Maheep	SOSS	The beginning of 21st Century is the era of political transition, social upheavals, economic turmoils and environmental crises. Many countries are facing one or two serious	

		contemporary times			issues that are affecting others palpably; it can be understood by two distinct examples: Refugee crisis (Syria and Rohingya in Myanmar) and financial crisis (first affected the United States transferred to Euro Zone and Asian countries through the vicious cycle). Globalisation and expansion of market economy have changed the course of International Relations. Interdependency of nations and globalised economy and financial institutions lead to domino effects (one country's issue creates problems in other countries). To understand the complex relation among nations; it is important to study international relations in the contemporary era.
